Based on Mr. Rogers' employment history, experience, and review of the discovery in this case he is expected to testify regarding the following topics: (a) proper FBI procedures for the handling of a Confidential Human Source ("CHS"), (b) the acceptable relationship between an FBI handler and the CHS, (c) proper documentation of information provided by the CHS to the FBI handler, (d) the purpose of validation reviews/reports of CHS, and (e) the purpose of annual source reviews and reports.

Mr. Roger has reviewed the following material:

1. Protective Order;
2. Indictment;
3. Affidavit in Support of an Application for a Search Warrant (dated February 20, 2024);
4. USAO-05-001 through 136;
5. USA-06-3107 through 3132;
6. CHS Reporting Documents (FD-1023) of Telephone Conversations with Alexander Smirnov on 03/01/2017 (USA-01-0000265; Repeated again USA-01-0000404) and 06/30/2020 (USA-01-00000266 – USA-01-00000269);
7. iOS WhatsApp Messages between Alexander Smirnov and Handler (04/30/2016 – 03/27/2022);
8. Unclassified Summary Substitutions for FBI Information (USA-07-00000001 – USA-01-00000002)

We expect that Mr. Rogers will testify in sum and substance as follows:

- page 4-

Alexander Smirnov was a statistically highly effective Confidential Human Source, CHS, for the Federal Bureau of Investigation, FBI, for over 10 years. Mr. Rogers' review of the administrative reports associated with Mr. Smirnov's operation as a CHS, detailed above, demonstrate that his handling agent, HA, made numerous repeated mistakes in his operation of Smirnov and even after those egregious errors were brought to his attention they were not rectified. More specifically, in the February 13, 2013, Field Office Annual Source Report, FOASR, the following deficiencies were noted:

1. HA failed to give the CHS extraterritorial travel admonishments;
2. HA allowed the CHS to conduct otherwise illegal activity, OIA, outside of approved time periods;
3. HA documented the CHS's true name in the wrong CHS subfile;
4. HA placed an unrelated CHS's NCIC record in this CHS's file;
5. HA identified the wrong country of birth for this CHS in his file;
6. HA failed to document appropriate receipts for payments to the CHS;
7. CHS was allowed to conduct personal international travel without appropriate approval and documentation in his file.

In a later Standard Validation Report covering 2013-2021 it was noted:

1. HA continued to fail to appropriately obtain approval and document CHS's international travel;
2. Derogatory information reported about the CHS and more unreported/undocumented otherwise illegal activity, OIA.

In the Source Validation Report for the period March, 2021-November, 2023 FBIHQ recommended that FBI Seattle, the office where the HA had transferred to from FBI San Francisco in 2019 and brought Smirnov's file with him, stop operating the CHS noting that they believed that the CHS was no longer fully under the HA's control, may be committing unauthorized illegal activity, UIA, and concern that the media's reporting of the CHS's information concerning the Biden family's influence peddling in Ukraine would vitiate his ability to continue to function as a CHS. In that same document, it was recommended that CHS be polygraphed. Based upon the records provided to me for my review, it does not appear that a polygraph of the CHS was ever scheduled or conducted.

- page 5 -

It is my opinion that Smirnov was poorly handled as a CHS from the outset and even though numerous deficiencies on the part of his HA were noted over the years he, the HA, was allowed to continue operating Smirnov as a CHS likely due to how effective, verified by his statistical accomplishments, Smirnov was as a CHS. One of the clearly demonstrable problems noted by the file reviewers was a repeated lack of required reporting on the part of the HA. A CHS providing the type and amount of information provided by Smirnov should be handled with the upmost diligence. Further, Smirnov should have been polygraphed concerning his reporting on the Biden family in an effort to verify the accuracy of that reporting.

Mr. Rogers' Curriculum Vitae is attached hereto as Exhibit A. Mr. Rogers' fee schedule is attached hereto as Exhibit B. Mr. Rogers' testimonial history is attached hereto as Exhibit C. Mr. Rogers does not have any publications in the last 10 years.

Nothing by way of this disclosure is an acknowledgment that any evidence that has been produced by the government is admissible.

The Defendant reserves the right to supplement and/or amend Mr. Rogers' anticipated testimony and to call additional experts in his case-in-chief or rebuttal case, based on information made known to the Defendant and/or Mr. Rogers before or during trial.

Sincerely,

CHESNOFF & SCHONFELD

Richard A. Schonfeld, Esq.

Thank you for considering me in the review of your case. I've attached my CV and IRS W-9.

I've had the fortunate experience of recruiting and utilizing numerous confidential human sources, CSs, in my cases during my 30 year career as a Special Agent of the F.B.I. Based on that experience, I was asked by the F.B.I. to assist in the preparation of the revised Confidential Human Source Policy Manual in 2006. I also had the opportunity to utilize CSs as witnesses while I was an Assistant United States Attorney in the Western District of Texas. I also trained other agents how to properly utilize CSs as a Chief Division Counsel for two different F.B.I. Field Offices and as the Confidential Human Source Coordinator for the Salt Lake City Field Office.

A review of materials will be performed at the rate of \$250.00 per hour. All in-person site inspection, depositions, testimony, investigations, standing by for trial, will be billed at a flat fee of \$1200.00 per day. Travel will be billed at \$750.00 per day plus expenses.

I am looking forward to being of assistance in this important case.

Sincerely,

Greg Rogers

Expert Testimonial History:

Since 2020 I have prepared expert opinions in 17 cases. Only two of those cases proceeded to trial.

1. United States of America v. Daniel Silva, District of Utah, 2018. In that federal narcotics case I provided my opinion concerning narcotics cartels common use of street level dealers in furtherance of their distribution schemes and the presence of different cartels in the state of Utah.
2. Utah v. Luke Buranek, Weber County District Court, 2022. In that state case I provided my opinion concerning the improper use of a confidential informant.
